

### **Listing of Claims:**

This listing of claims reflects all claim amendments and replaces all prior versions, and listings, of claims in the application. Material to be inserted is in **bold and underline**, and material to be deleted is in ~~strikeout~~ or (if the deletion is of five or fewer consecutive characters or would be difficult to see) in double brackets [[ ]].

Please amend claims 1-7 as set forth below.

Please add new claims 8-10

1. (Currently Amended) A frame mattress comprising a frame with a spring inlay (3) surrounded by the frame, and a material (2) over the spring inlay, together with a reversible mattress (5), arranged for abutting the material (2), and a cover (7) enveloping the reversible mattress (5) and at least partly the frame (1), characterised in that the material (2) is at least partly detachable and that the spring inlay (3), constituting a principally form-stable unit, is reversibly arranged in the frame (1).

2. (Currently Amended) A frame mattress according to claim 1, characterised in that the spring inlay (3) has a zone division of the springs in soft and firm zones.

3. (Currently Amended) A frame mattress according to claim 2, characterised in that the spring inlay (3) has a zone division consisting of separate spring

elements.

4. (Currently Amended) A frame mattress according to any one of the claims 1-3, characterised in that the spring inlay (3) consists of Pocket-springs.

5. (Currently Amended) A frame mattress according to any one of the preceding claims 1-3, characterised in that the material (2) is detachably fastened to the frame (1) with fastening means (4), with one part fastened to the frame (1), ~~for example by stapling~~, and the facing part fastened to the material (2), ~~for example by a seam~~.

6. (Currently Amdended) A frame mattress according to claim 5, characterised in that the fastening means (4) is a hook and loop fastener, snap fastener or zipper, ~~preferably hook and loop fastener~~.

7. (Currently Amended) A frame mattress according to any one of the preceding claims 1-3, characterised in that a second material (2') is fastened permanently or detachably between the bottom of the frame and the spring inlay.

8. (New) A Frame mattress according to claim 5, characterised in that the one part of the material is fastened to the frame by stapling.

9. (New) A frame mattress according to claim 5, characterised in that

the facing part is fastened to the material by a seam.

10. (New) A frame mattress according to claim 6, characterised in that the fastening means is a hook and loop fastener.
